Dear Dr Hawkins,

I am writing to express my profound gratitude and appreciation for the exceptional support and guidance you have provided me throughout my GP training. Your unwavering dedication and compassionate approach have been instrumental in my professional and personal development, particularly during some of the most challenging periods of my journey.

During a time when I faced multiple exam failures and was on the verge of quitting, your encouragement and empathy were pivotal in helping me overcome these hurdles. You did not merely offer professional advice; you extended your support on a personal level, showing a genuine concern for my well-being. Your person-centered approach made a significant difference in managing the mental stress and family issues I was dealing with at the time.

Your ability to understand and address my individual needs, while maintaining the highest standards of training quality, is truly commendable. You ensured that my transition to a new GP practice was smooth and pleasant, which has greatly contributed to my confidence and competence as a practitioner.

Your support has been far-reaching, impacting not just my professional capabilities but also my overall outlook on the practice of medicine. The empathy and understanding you demonstrated have taught me valuable lessons in patient care and personal resilience. Your commitment to my success and well-being exemplifies the qualities of an outstanding mentor and supervisor.

I cannot thank you enough for your guidance and support. You have been a beacon of hope and a source of strength during some of the toughest times in my career. It is clear that your dedication goes beyond the call of duty, and for that, I am profoundly grateful.

I hope this letter serves as a testament to your exceptional mentorship and the positive impact you have had on my training and personal growth. Your contribution to my journey is invaluable, and I am confident that many other trainees feel the same way about your support.

Thank you once again for everything you have done for me.

Warmest regards

Md Rajib Pervez
